2. All kinds of Advertising.
3. City Circulation.
4. Outside Circulation.
5. Total Circulation.

Any advertiser can save money by using the Bulletin exclusively. It covers the field. The rate in proportion to service is the lowest in Hawaii.

## Californians To Give A Flying Machine Exhibit

LOS ANGELES, Nov. 6.—Encouraged by the wonderful success which has attended the various aviation meets in Europe, the people of California have raised \$100,000 and will have an "Aviation Week" here during January. Several of the leading aviators of the world have agreed to be present and take part in the contests. Curtiss has accepted the offer made him to appear with his machine for \$10,000. An offer of a like sum has been made to each of the Wright Brothers, to Bleriot, the famous French flyer, and to others.

Howard Huntington has been elected president of the California Aviation Society, formed for the event, and Gov. Gillett will act as vice president.

The meet will be held at some place close to this city, the program to include speed trials, races, altitude contests and other events.

## Dr. Cooke Charged With Failure To Present Proofs

WASHINGTON, Nov. 6.—Admiral Colby M. Chester, member of the National Geographic Society, issued a statement today to the effect that the data submitted so far by Dr. Frederick Cook fails to prove his claim that he had reached the North Pole.

Admiral Chester is well fitted by training to pass upon the explorer's claims, being a scientist as well as a naval officer with a long and distinguished record. His reputation as a scientist was sufficient to secure his appointment as superintendent of the naval observatory in 1901, while in 1905 he was in command of the special service squadron to observe the eclipse of the sun.

### NEW COMMANDER OF THIRD SQUADRON.

WASHINGTON, Nov. 6.—Rear Admiral Hubbard has been named to succeed Rear Admiral Harber as commander of the third squadron of the Pacific fleet, now stationed in the Orient. Admiral Harber has been ordered home.

The third squadron consists of five protected cruisers, the Charleston (flagship), Cleveland, Denver, Galveston and Chattanooga, and eight gunboats. Of the cruisers, the Cleveland, Denver and Chattanooga are to be placed out of commission next month, being ordered to the Mare Island navy yard. The Galveston will follow them in the spring of 1910 for repairs. The gunboats are now on duty in Chinese waters or in southern Philippine waters.

### NEWSPAPER EDITOR BECOMES GOVERNOR.

ROSWELL, N. M., Nov. 6.—William Robinson, the editor of a local newspaper, has been offered the position of governor of the Territory to succeed Governor Curry, who has resigned on account of business reasons. His successor is to take office in February next.

### ALDRICH OUTLINES MONETARY SYSTEM.

CHICAGO, Nov. 6.—Senator Aldrich, in a speech tonight before the members of the Commercial Club, outlined the plans he has for a new national monetary system.

### LABOR LEADERS JAILED.

SPOKANE, Wash., Nov. 6.—One hundred and thirty members of the Industrial Workers of the World, arrested for holding open-air meetings and blocking the streets, were today sentenced to serve 30 days each at hard labor. After being taken to jail the agitators refused to work, whereupon they were put upon a diet of bread and water, which will be kept up until they decide to carry out the prison rules or until their terms expire.

### NORTH DAKOTA MAKES FINE RECORD.

BOSTON, Nov. 7.—The new battleship North Dakota has arrived here after having completed her 24-hour endurance test, notwithstanding the boiler tube explosion which injured twelve men. At the twelve-knot speed she made a record in the economy of fuel and water that exceeded that made by the Delaware in the test made of the latter vessel a short time ago. She will return at a speed of 19 knots today. One of the men who was scalded by the bursting of a boiler tube during the speed test has died.

The North Dakota, a vessel of the superdreadnaught type, has made a splendid record, her maximum speed during the trial being 22 1/4 knots. She is the finest and, as the tests have demonstrated, the fastest vessel of her type in the American navy.

### TAFT GOES BACK TO WASHINGTON.

AUGUSTA, Ga., Nov. 7.—President Taft will depart for Washington Tuesday, having rested here from the strenuous exertions of the past week, which he has spent swinging around the circle of the United States. He has been away from the national capital for several weeks and has visited and made speeches in hundreds of places throughout the country, being everywhere received with great enthusiasm.

### STARVATION PREFERRED TO WORK.

SPOKANE, Nov. 7.—The Industrial Workers of the World have made no further attempts to speak on the streets, but it is announced that they will renew their attempts Tuesday, notwithstanding the determination of the police to stop them.

The one hundred and thirty who were arrested and sentenced to jail for holding open-air meetings and blocking the streets, and who were put on a bread-and-water diet when they refused to go to work as prescribed by the prison rules, have steadfastly persisted in their refusal, despite the starvation diet.

### Builds On Island to Make a Park.

The report of the board of army engineers to recommend a plan for changing the Boston & Maine bridges over the Charles river has been returned to the senior officer of the board. It is said that a new proposition has been made which will save the Boston & Maine several thousand dollars in the elimination of at least one bridge.

### Contests Inheritance Tax.—Trenton

N. J.—Henry M. Tilford, vice-president of the Standard Oil Company, executor of the estate of Wesley Hunt Tilford, has instituted proceedings in the Supreme Court of this State to prevent the collection by the state of \$140,000 collateral inheritance tax. He claims that the laws is unconstitutional.

# Blue Serge Suits

NO MAN'S WARDROBE is complete without a Blue Serge, the most sensible and serviceable garment made. The suits we sell are made of the "TRUE BLUE" SERGE, impervious to sun and rain. Mighty well tailored, full of style and dash.

## BY AUTHORITY

Tenders for furnishing the City and County of Honolulu with material and supplies for the month of December, 1909, will be received at the office of the City and County Clerk until the hour of 7:30 o'clock p. m. of Tuesday, November 16, 1909.

Tenders may be obtained, upon application, at the office of the City and County Clerk, McIntyre Building, Honolulu.

D. NALAUOKOALANI, Clerk, City and County of Honolulu.

Nov. 9, 1909. 4461-11

## Specifications for Printing the Senate Journal, Special Session, 1909.

Bids for printing the Journal of the Senate, Special Session of 1909, will be received until nine o'clock a. m. on Wednesday, November 10, 1909, sealed and addressed to John H. Wise, Clerk of the Senate of the Territory of Hawaii.

Bids must specify the price per page at which the work will be done, such price to include all and every expense for composition, paper, presswork, binding, lettering and delivery, the same to be furnished in a first-class and workmanlike manner and condition without any additional charges.

Type to be used will be Long Primer, leaded, for the body of said Journal, with insertions to be set in Brevier, leaded. The form, arrangement, workmanship and binding shall be similar in every respect to the Senate Journal of the Regular Session of 1909.

The paper shall be 48 lb. White "A" Book, or 48 lb. White "Albion" Book. Fifty (50) copies of said Journal to be bound in Full Sheep, lettered in gold, and two hundred (200) copies to be bound in Cloth, with gold lettering.

Galley Proofs to be delivered within two (2) days after receipt of copy of said Journal by the successful bidder, and Revised Page Proofs, corrected from Galley Proofs, to be delivered within two (2) days after return of said Galley Proofs.

Fifty (50) copies of said Journal,

bound in Full Sheep, to be delivered within ten (10) days after receipt of copy of index by the successful bidder, and the balance to be delivered within ten (10) days thereafter.

A certified check in the sum of one hundred (\$100.00) dollars, payable to Hon. W. O. Smith, President of the Senate, to be furnished by the successful bidder to insure the faithful performance and prompt delivery of the work as aforesaid.

Bids will be opened at the Senate Chamber, in the Capitol Building, Honolulu, at nine o'clock a. m. on Wednesday, November 10, 1909.

The President of the Senate reserves the right to reject any and all bids.

By order of the President of the Senate.

JOHN H. WISE, Clerk of the Senate, Honolulu, T. H., November 8, 1909. 4461-21

### NOTICE.

The time for opening sealed bids for constructing foundations and setting a high-lift pump at the Beretania Pumping Station is postponed for one week until Nov. 15.

MARSTON CAMPBELL, Superintendent of Public Works. 4462-21

### BAD BREAK.

Stubb—What did the big watchman in the bank get fired for? Penn—Why, a stranger came in and he said he wanted to start something, and the watchman threw him out.

Stubb—But I thought the bank wanted a man who could handle people who wanted to start something.

Penn—Yes, but when they picked this chap out of the mud they discovered he wanted to start a bank account.

Equipment for Road Ordered.—Denver—Orders for additional equipment have been placed by the Denver, Larimer & Northwestern railway, for delivery by November 1, which is expected to soon put the new road on a full operating basis for both freight and passenger traffic on the first division between Denver and Greeley.
